Eah, eah
Ooh, ooh, waah, ooh
Ooh, ooh
Ooh

(Yeah, yeah)
It's only getting better
(Yeah, yo, ah)

(I thought)
That maybe this will all get old
To you just loving one party
(I thought)
That maybe I was feeling the same, yeah

(I thought)
Maybe he was on the chase
You see the second you caught me
(I thought)
That I was just a game you played ooh

(Glad I was wrong 'cause here we are)
Ooh
(And it's been all good since you got my heart)
It's been all good
And it's only getting better
(After everything we shared between us)

It's only getting better
(Who woulda thought we'd still be in love)
(And I know that I still bring the heat)
(I can tell when you do it to me)
It's only getting better
As long as we're together, yeah, yeah, yeah

(I thought)
In time we would just forget about all of the little things
(I thought)
We'd give up tryna make it work, ooh, ooh, ooh, yeah

(I thought)
That I would be looking back

Thinking what have you done to me
(I thought)
I'd end up in a world at first but no

(Glad I was wrong 'cause here we are)
Here we are
(And it been all good since you got my heart)
It's been all good and

It's only getting better
(After everything we shared between us)
It's only getting better

It's only getting better
(Who woulda thought we'd still be in love?)
Who woulda thought it?
And I know that I still bring the heat
(I can tell when you do it to me)
It's only getting better
As long as we're together

(Still)
Your lives that get me going
(Still)
Your touch that got me going

(Still)
Don't feel sad that it even aint broken
(Still)
Only getting, only getting better

(Still)
Sometimes I act a little funny
(Still)
You should know that you're out right for me
(Still)
That's how it is and how it's gon' be

And it's only getting better
(After everything we shared between us)
After everything
It's only getting better
(Who woulda thought we'd still be in love?)
Who woulda thought it?

(And I know that I still bring the heat)
(I can tell when you do it to me)
It's only getting better
As long as we're together
(As long as we're together)
Yeah, yeah

It's only getting better
(After everything we shared between us)
After everything we been through
It's only getting better
(Who woulda thought we'd still be in love)

(And I know that I still bring the heat)
(I can tell when you do it to me)
It's only getting better
As long as we're together

When it's love it keeps on getting better
(Who would thought it?)
When it's love it keeps on getting better
(Yeah, we're still)

When it's love it keeps on getting better
(I woulda thought it)
When it's love it keeps on getting better

Geeya, na, papapom, baboof
Neya, babapoof
