Know it's gotta be something  
cause lately everything wanna go dead  
I know if gotta be something  
It's lately everything's going my way

Get cough since you've taking that fault  
I'm lose a focus before I lose it all  
I could get fast this moment  
Maybe I found my way outta this date

Everywhere I go  
The black cloud over me  
Everywhere I go  
The black cloud over me  
And it's keepin' me from blackin' out my over me  
Everywhere I go  
The black cloud over me  
And it's keepin' me from blackin' out my over me

Know it's gotta be something  
cause lately everything wanna go dead  
I know it's gotta be something  
cause lately everything's going my way

Get cough since you've taking that fault

I'm lose a focus before I lose it all  
I could get fast this moment  
Maybe I found my way outta this date

Everywhere I go  
The black cloud over me  
Everywhere I go  
The black cloud over me  
And it's keepin' me from blackin' out my over me  
Everywhere I go  
The black cloud over me  
And it's keepin' me from blackin' out my over me

Everywhere I go  
The black cloud over me  
Everywhere I go

The black cloud over me  
And it's keepin' me from blackin' out my over me  
Everywhere I go  
The black cloud over me  
And it's keepin' me from blackin' out my over me
