Dearly beloved
You were brought here today
To make this thing called love
Such a beautiful thing
Can you feel it daddy?
You don't really know what it is
Can you do it?

VERSE 1:

Tell me how many other girls done hurt this
Sounds a little like you might rehearse this ohh
Yeah you talk a real good game but it's worthless
If you can't work this
Don't look so nervous

BRIDGE:

All you gotta do is ask about me and you'll find out i'ma
boss
When it comes to the get down, get down
Ooh enough said, you might come through
And show me how you do

CHORUS:

Can you do it?
And do it to me
Can you prove it?
Better than me
Can you touch it?
Like I really need
Can you love it?
And give it to me
Just do it, just do it to me
Just do it, just do it to me
Just do it, just do it to me
Just do it, just do it to me
Just do it, just do it to me

VERSE 2:

Hate to admit you got me thinking
What if we got away this weekend ohh
Maybe we can do some trick-or-treating
A little meet-n-greeting

Is what we seeing

BRIDGE:

All you gotta do is ask about me and you'll find out i'm a
boss

When it comes to the get down, get down
Ooh enough said, you might come through
And show me how you do

CHORUS:

Can you do it?
And do it to me
Can you prove it?

Better than me
Can you touch it?
Like I really need
Can you love it?
And give it to me
Just do it, just do it to me
Just do it, just do it to me
Just do it, just do it to me
Just do it, just do it to me
Just do it, just do it to me

BRIDGE 2:

Boy you glow in the dark
Would you like to see?
I'm a rock to the beat
With you under me
Tell me if it's all good
I'm knocking on wood
T-t-talk is ch-cheap
B-b-boy I wish you would

BREAK:

Just work me, work me
You ain't even gotta try so hard
Can you play your part?
Just work me, work me
You ain't really gotta talk so much
Wanna feel my touch?
Just work me, work me
Because I want it tonight
And it gotta be right
So what you saying?
Just work me, work me uh
Just work me, work me
Ow!

CHORUS:

Can you do it?
And do it to me
Can you prove it?
Better than me
Can you touch it?
Like I really need
Can you love it?
And give it to me
Just do it, just do it to me
Just do it, just do it to me
Just do it, just do it to me
Just do it, just do it to me
Just do it, just do it to me
