I'm standing at a fork in the road
And I don't really know which way to go
It's like 17years ago all over again
And I- I I'm a little girl lost alone
And yes I wanna know what lies ahead
And yet my feet are planted and I don't want to take a
step

Cause I won't make it any further with you on my back.
Carry your burden I can't do it this time, goodbye.
But then again do I listen to my heart or cry for help?
I keep second guessing myself.
Why does it have to be so hard to let you go?

It's almost sun down, I gotta put my foot down.
And I know if I do it's gonna hurt me more than it hurts
you.
I know how much you need me.
Breaks my heart believe me
And I know what I gotta do
But it's gonna hurt me more than it hurts you
More than it hurts you
More than it hurts you
But it's gonna hurt me more than it hurts you
More than it hurts you
(I said it's gonna hurt you babe)
More than it hurts you
But it's gonna hurt me

Now ordinarily I wouldn't give up, I'm no quitter
But under the circumstance I think it's better that I wash
my hands off yah, love ya

But I, I'm thinking that I can't live withcha, can't live
without ya
It's something about you that makes me wanna stick
around and stay settled down
Even if it kills me but I'm here

Cause I won't make it any further with you on my back.
Carry your burden I can't do it this time (can't do it this
time), goodbye (goodbye).

But then again do I listen to my heart or cry for help?
I keep second guessing myself.
Why does it have to be so hard to let you go?

It's almost sun down, I gotta put my foot down.
And I know if I do it's gonna hurt me more than it hurts
you.

I know how much you need me.
Breaks my heart believe me
And I know what I gotta do
But it's gonna hurt me more than it hurts you
More than it hurts you
More than it hurts you
But it's gonna hurt me more than it hurts you
More than it hurts you
(I said it's gonna hurt you babe)
More than it hurts you
But it's gonna hurt me

I'm walking away like...
