And now we doin shots, man I gots to have you

But he was drinkin lonely
He asked me what im drinkin you alerady know it's

Henny and apple juice (with ad libs) [x14]
Everybody look good in the club

[Keri:]

It must be the strobe light

Just step if you feel this
Just don't let me spill this

I'm not really thinkin
You can take me home, but [?]
Everybody look better when you on that juice
If u get me in the zone I'll mess with you
When you look like this them boys wanna
You aint even gotta ask what's in my cup
'cause im on that

[Chorus]

[Stat Quo:]

All them girls look thicker of that liquor him just don't
