[Bridge:]

I hate heels
I hate heels
Love how they look
But hate how they feel [x2]

[Verse 1:]

Funky fresh dressed to impress ready to hurt 'em
Fresh off that happy juice, tipsy and flirtin'
when my girls said Keri dig shorty lookin' at you (who
me?) yea you (yea)
So I'm ready
Making my way down to the dance floor
Sexiness like this here what more could you ask for

[Pre-chorus:]

Ooo
Think I'm doing too much I can't move
Starting to think I shouldn't have worn these shoes
What's the price we pay
For looking this way
But I'm still

[Chorus:]

In my high heels
That's when I get to tryna be cute
Messing wit u
I'm still dancing in my high heels
Can't you tell that I'm feeling you
What you wanna do
Boy you got me out here workin'
While my feet are hurtin'
Think that you deserve it
Let me hope that you're worth it
In my high heels
If you could get me out of these shoes
I'm leaving wit u
Boy I'm so ready

[Bridge:]

I hate heels
I hate heels

Love how they look
But hate how they feel [x2]

[Verse 2:]

Verse Two

DJ put my jam and now I'm twirkin'
The way he look at me then know it's hurting makes it
worth it
When my girls said Keri shake it like your feeling that
dude (who him?) same dude (its true)
So I'm ready
If he keep up I'm give him rhythm
What you gon do with him?
Bump him in my system

[Pre-chorus:]

Ooo

Think I'm doing too much I can't move
Starting to think I shouldn't've worn these shoes
What's the price we pay
For looking this way
But I'm still

[Chorus:]

In my high heels
That's when i get to tryna be cute
Messing wit u
I'm still dancing in my high heels
Can't you tell that I'm feeling you
What you wanna do
Boy you got me out here workin'
While my feet are hurtin'
Think that you deserve it
Let me hope that you're worth it
In my high heels
If you could get me out of these shoes
