One minute we were up, we were up, we were on a roll  
Next time we couldn't take it, deal, we're in danger now  
That night I was wrong, I couldn't get it under control  
I know I gotta hold my breath, I don't wanna, gotta hold  
my breath

Next day I wonder but I wasn't sure  
If I would feel this way next week when I heard no more  
(heard no more)

Didn't really want talk or stuff, but I wanted to doubt  
What did you think I'm gonna save my breath, because  
you're breathing on someone else  
Okay you got my now, you heard the news, you blocked  
me out, you cut me loose

I high in love, but you let me down, and there's no  
coming back to me

Yeah, did you know there's no fear in love  
If you think I'm coming back, don't hold your breath  
What you did to me oh yeah I can't forget  
If you think I'm coming back, don't hold your breath  
(what'd you say, what'd you say)

Don't hold your breath  
(what'd you say, what'd you say)

Don't hold your breath  
(what'd you say, what'd you say)

Don't hold your breath  
(what'd you say, what'd you say)

Don't hold your breath

It's been a week, still moping around in the same old  
flow

Each time I come up for air with no where to go  
Every since you been on the high road, I've been  
feeling so low

I know I gotta hold my breath, because you're  
breathing on someone else  
Okay you got my now, you heard the news, you blocked  
me out, you cut me loose

I high in love, but you let me down, and there's no  
coming back to me

Yeah, did you know there's no fear in love  
If you think I'm coming back, don't hold your breath

What you did to me oh yeah I can't forget  
If you think I'm coming back, don't hold your breath  
(what'd you say, what'd you say)  
Don't hold your breath  
(what'd you say, what'd you say)  
Don't hold your breath  
(what'd you say, what'd you say)  
Don't hold your breath  
(what'd you say, what'd you say)  
Don't hold your breath

Don't be cruel, because I would never be that cruel to  
you, so don't  
Don't be foolish, because if you were so good to me  
then we wouldn't have to go through this, so don't  
So don't be cruel, because I would never that cruel to  
you, so don't  
Don't be foolish, because if you were so good to me  
then we wouldn't have to go through this, so don't

Yeah, you can't touch me now, there's no fear in love  
If you think I'm coming back, don't hold breath  
What you did to me oh yeah I can't forget  
If you think I'm coming back, don't hold your breath  
Don't hold your breath  
(what'd you say, what'd you say)  
Don't hold your breath  
(what'd you say, what'd you say)  
Don't hold your breath  
(what'd you say, what'd you say)  
Don't hold your breath
