Put yo hands up in the sky and wave and wave (x2)

(Keri)

I'm startin to think I need space now everytime I go out
you all in my face,
Soon as I hit the door
Why you gotta be actin so insecure,
Where I been, who I was with
Boy your stressin me out with this... watch this

Relationship supposed to revolve around trust (right)
Lets take it back a few months (like)
What about the other chick, thought you was kickin it
wit and I'm gettin sick of it,
Damn it it's a shame, a sin, you about to get a dose of
your medicine,
You couldn't even handle it
If the shoe is on the other foot now...

So what you gon do when I don't give you that last
chance,
And how you gon act when you see me in the back wit a
new man
And what's it gon be when you gon see me n him holdin
hands, I bet ya give a damn

That you keep feelin yourself,
Ima be wit somebody else
Better keep it real wit yourself
Boy you'll end up by yourself (x2)

Now your threatenin to leave me so what?
Ordinary I would be biting my tongue but you couldn't
picture me gone but I'd be sittin at home while you was
doing the wrong, you kno it's messin wit my head,
don't get up in my bed
And if I do what you did to me I wouldn't be,
The shoe is on the other foot now

But I got class, so what you gon do when I pimp it all up
on?
When what you have turns into what you had I bet you'd

give a damn

When you keep feelin yourself,
Ima be wit somebody else
Better keep it real wit yourself
Boy you'll end up by yourself (x2)

Baby (how does it feel) do you know what I go through
Sittin up breathin for you
If that was you, you'd be gone
Baby sleepin on me...

You can keep on feelin yourself,
Ima be wit somebody else
Better keep it real wit yourself
Boy you'll end up by yourself (x2)
