I'm standin at the fork in the road, and I
don't really know which way to go, it's like
17 years ago all over again, and i
i'm a little girl lost alone, and yes
i wanna know what lies ahead, and yeah my
feet are planted and i don't wanna take a step

cause i won't make it any further with you on my back
carry a burden & i can't do it this time, goodbye
then again, do i listen to my heart, do i cry for help
i keep second guessing myself why
does it have to be so, hard to let you go

its almost sun down
i gotta put my foot down
and i know if i do
it's gonna hurt me more than it hurts you
i know, how much you need me
breaks my heart, believe me
now i know what i gotta do
but it's gonna hurt me
more than it hurts you

now ordinarily i wouldn't give up
i'm no quitter
but under the circumstance
i think it's better that i wash my hands of ya, love ya
but i'm thinkin that i can't live with ya
can't live without ya, it's something about ya
that makes me wanna stick around and stay settled
down
even if it kills me but i can't

cause i won't make it any further with you on my back
carry a burden & i can't do it this time, goodbye
then again, do i listen to my heart, do i cry for help
i keep second guessing myself why
does it have to be so, hard to let you go

its almost sun down
i gotta put my foot down

and i know if i do
it's gonna hurt me more than it hurts you
i know, how much you need me
breaks my heart, believe me
now i know what i gotta do
but it's gonna hurt me
more than it hurts you
