Whoa, whoa, whoa
Hey, hey

I've got this crazy feeling I'm gon' be single again
I know it, I can feel it
I know you gon' mess up

Wow, you really turn me on
So I, I really hope I'm wrong, whoa

It would break my love if you ain't true to me, yeah
But I'm not the silly girl I use to be
And I know how it goes, yeah

Dudes out here think they slick
Got a lot of girls on they d-d-dick
And they can't say no

Steady telling me, they ain't you
I'mma wait to see what you gon', do
Hope you know you got a good thing, yeah

I got this crazy feeling I'm gon' be single again
I know it, I can feel it
I know you gon' mess up

I got this crazy feeling I'm gon' be single again
I know it, it's gon' happen
I know you gon' mess up

I love the way we fight
So I hope this all in my mind, hope it's in my mind
Baby don't you know?

It would break my love if you ain't true to me, yeah
But I'm not the silly girl I use to be

See I know how it goes

Dudes out here think they slick
Got a lot of girls on they d-d-dick
But they can't say no

Steady telling me, they ain't you
I'mma wait to see what you gon' do
Hope you know you got a good thing 'cause I

I got this crazy feeling I'm gon' be single again
I know it, I can feel it
I know you gon' mess up

I got this crazy feeling I'm gon' be single again
I know it, it's gon' happen
I know you gon' mess up

You're gonna get too comfortable
You gon' mess up
Gonna want something new babe
You gon' mess up

You're gonna be just like the rest
You gon' mess up
It's gonna be you babe

I trusted my heart, put down my guard
I worked so hard to take good care of you
I trusted my heart, put down my guard
I worked so hard, I hope it ain't true

Look at me, you wanna miss all this?
Go 'head bring that back
Whoa, whoa, whoa, hope it's in my mind
Whoa, whoa, whoa, hope it's in my mind
