oh-ooh
ooh-oooooooooh

Here we go again
& comes another argument
cause I'm walking in at one
when i said ill be here by ten
u told me i fucked up your plans
cause i was rolling around wit my friends
& its friday night n i kno i shudda been wit my man

(i called your phone)yeh-yeah but i didn't leave no
message
(i know I'm wrong) but i don't wanna disrespect ya
(so now I'm home) just me and you
& i know n i know how to make it up to you
lemme give u
something to think about
boy before we cross the line
let me put this on your mind
i see you need a little
somethin to think about
so before you get to trippin, pay attention
while i give you, lil somethin somethin

since i got u all worked up
let me help u work it out
imma be on my chile
do you feel where im coming from
now its time to make you forget
just why you so upset
& you'll feel better once

we put this thing to rest

(i called your phone) ooh but i didn't leave no message
no
(i know i'm wrong) i don't wanna disrespect you noo
(so now i'm home) just me & you
& i know n i know how to make it up to you
lemme give you

somethin to think about
boy before we cross the line
let me put this on your mind
i see you need a little
something to think about
so before you get to trippin , pay attention
while i give you, lil somethin somethin

(now we'll put something upon your mind n then i'll help
you get it off
and i'll make you forget what you want and pride about
baby
when you'll think we finished
we'll go back to the beginning...back to the beginning
where it starts)

something to think about
boy before we cross the line
lemme me put this on your mind
i see you need a lil
something to think about
so before you get to trippin, pay attention
while i give ya , lil somethin somethin
something to think about
and imma make you forget what you want and pride
about baby
somethin to think bout
and imma make you forget what you want and pride
about baby...
