Throw your hands up in the air if you know he love you
Dj play the song right here if you know he love you
Let me see you two steps if you know he love you
It don't matter if you by yourself if you know he love
you

Chorus:

If that boy don't love you by now
He will never ever, never ever love you
He will never ever, never ever love you
Oh if that boy don't love you by now
He will never ever, never ever love you
He will never ever, never ever love you
Ooh

I know you think that i just be trippin oh boy you see
They say how .. Can be i can help this jealousy
Always takin over me oh i'm falling way too deep
Without you by my side i feel like i just can barely sleep
But i gotta come down to earth that ..
But i gotta let you go but baby i don't wanna
And i, i gotta see if you and me will ever be
My girls can tellign me

[chorus:]

I can help to fantasize
911 it might be like
You and i it sound so right
But i'ma go tonight
Encovering my eyes aint' gotta see twice
I get it i got it baby

But i gotta come down to earth that ..
But i gotta let you go but baby i don't wanna
And i, i gotta see if you and me will ever be
My girls can tellign me

[chorus:]
