Accidentally left my toothbrush in your holder
Wish you hadn't brought it back here with you
Sometimes I tell you "no" when you wanna come over
And I try to play it tough like a dude

(and i)
And i'm not suppose to care
An you're not suppose to care
But unfortunately i'm already there

I try to love him and leave
Isn't that what they want?

Try to tell my heart we don't need him
But it only works for so long
But I can't let you in my home and kick you out of my
world
But at the end of the day (end of the day)
Baby i'm still a girl
Still a girl, still a girl
Baby i'm still a girl
Still a girl, still a girl

See we're more than friends but less than together
I know we both agreed that's how it should be
But I didn't think we'd be like this forever
And I don't wanna make you more than you make me
No I can't

And i'm not suppose to care
And you're not suppose to care
But unfortunately im already there
I try to love him and leave
Isn't that what they want?
Try to tell my heart we don't need him
But it only works for so long
Still A Girl Lyrics on
But I can't let you in my home and kick you out of my
world
But at the end of the day
Baby i'm still a girl
Still a girl, still a girl

Baby i'm still a girl
Still a girl, still a girl

All this time I tried to act like a man
Playin' games with boys, my heart don't understand
Guess a man wouldn't be sitting here
Crying by the phone
Convince himself what he feeling is wrong

Cause I try to love him and leave
Isn't that what they want?
Try to tell my heart we don't need him
But it only works for so long

But I can't let you in my home and kick you out of my
world
But at the end of the day
Baby i'm still a girl
Still a girl, still a girl
Baby i'm still a girl
Still a girl, still a girl

Baby i'm still a girl
