Now I do it Superman - Love, or addiction
Baby you can count down, renew your prescription

Yeah, you can see - just where we wanna be
I got that kinda lovin' that'll keep you off the streets
Yeah, you can see - just where we wanna be
The way you love me the way you love me (Fuck Me)
Yeah, that's me - just where we wanna be
I got that kinda pussy that'll keep you off the streets
Yeah, that's me - just where we wanna be
The way you love me the way you love me (Fuck Me)

Love me, love me - it's the way you love me

You know I will be grippin tighter than your bankroll

They say I'm the best (they're the best)
Now you want me in the worst way
Ooey it's so juicy boy I hope you come first place
So good I make ya think my bed is my workplace
You can't overwork me, baby don't hurt me.. (yeah)
