### "What Channel"

The stations already set  
But you're twisting knobs and shit  
Trust me when I say there's nothing there to see  
In a sec its gonna go off  
It's getting a little fuzzy  
Maybe you shouldn't have control of the remote

Channel one gives you the news  
Channel two gives you the sports  
Channel three tells you about the weather  
But I predict rain for us  
Then its channel 5 6 7 and 8  
But they don't really matter because you should be  
tuned in to me

#### *[Chorus]*

What channel are you on  
Are you tuned in  
Are you focused  
Do you need some help adjusting  
The pictures crystal clear  
What channel are you on ?

You got the plug that goes in my socket  
But you wont plug it in and spark it  
Your being a couch potato  
When you need to be an m c o  
My channel only  
Maybe you shouldn't have control of the remote

Channel one gives you the news  
Channel two gives you the sports  
Channel three tells you about the weather  
But I predict rain for us  
Then its channel 5 6 7 and 8  
But they don't really matter because you should be  
tuned in to me

What channel are you on  
Are you tuned in

Are you focused  
Do you need some help adjusting  
The pictures crystal clear  
What channel are you on ?

*[Talking]*

What channel are you on  
Are you tuned in  
Are you focused  
Do you need some help adjusting  
The pictures crystal clear  
What channel are you on ?

What channel *[x13]*  
Ahhh yeeeeee oooooo  
What channel are you on  
Because you need to get on my channel, really
