"Go Proud"

Do the right thing when you can
It wasn't easy but by your word you would stand
'Cause you walked through the fire, had the flames at
your feet
You knew how it felt to risk everything

In here slowly, let it out, no, you would stay silent
When everyone else would shout
And you kept composed, didn't give into the fear
You would be happy to know we, we got it loud and
clear

And we say, go proud, go proud
You can walk tall, you can walk tall
And you can face your God
'Cause you gave it your all
Go proud

Jan is over, we are all here, telling your stories
And mixing laughter with tears
But what I hope that you know what I wish you could see
You have given us so much by leaving your legacy

Yeah, sing with me, go proud, you can go proud
You can walk tall, you can walk tall
And you can face your God
'Cause you gave it your all
Go proud

You can go proud, go proud
You can walk tall, you can walk tall
And you can face your God
'Cause you gave it your all
Go proud
