I think I'm gunna do this my way
I won't ask you
Not gunna wait until you give the ok
I'm alright with consequences
Better than these fences
Straddling the great unknown
& Playing it safe

I won't behave
I won't sit down
Not gunna stick around to listen as you make your case
Stealing my light,
Feeding me lies
Now your gunna watch me walk

This is the part where I start taking over
Why should I let you decide
Life is too short
You bleed & its over
So now you're gunna watch me walk out of your life

I think I'll take a vacation
Don't need a destination
Anywhere is fine
As long as there's an absence of you
I wont hang around, waiting till you suffocate me
Because it's the only thing that you know how to do

I won't behave
I won't sit down
Not gunna stick around to listen as you make your case
Stealing my light,
Feeding me lies
Now your gunna watch me walk

This is the part where I start taking over
Why should I let you decide
Life is too short
You bleed & its over
So now you're gunna watch me walk out of your life

I won't behave
I won't sit down
Not gunna stick around to listen as you make your case
Stealing my light,
Feeding me lies
Now your gunna watch me walk

This is the part where I start taking over
Why should I let you decide
Life is too short
you bleed & its over
So now you're gunna watch me walk out of your life
Out of your life
