Someone is smiling
Someone cries
Whatever it is it's alright
Someone is mourning
Someone dies
Something is holding the light

It's standing in the line now
Standing in the line now
Standing here right now for you
Everything you do now
Everything you are now
Creating it right now for you

It's a beautiful day
The sun's coming up
The sun's going down for you
It's a beautiful day
And everyone see's
The world's turning round
For you

There's no need to be afraid
There is no need to deny
That everything is on this way
Life's going on in you mind

It's standing in the line now
Standing in the line now
Standing here right now for you
Everything you do now
Everything you are now
Creating it right now for you

It's a beautiful day
The sun's coming up
The sun's going down for you
It's a beautiful day
And everyone see's
The world's turning round
For you

It's standing in the line now
Standing in the line now
Standing here right now for you
Everything you do now
Everything you are now
Creating it right now for you

It's a beautiful day
The sun's coming up
The sun's going down for you
It's a beautiful day
And everyone see's
The world's turning round
For you
