### "Black And Yellow"

Visit "[Black And Yellow](#)" on MotoLyrics.com

If your life's too white, if it's all too bright, make it  
yellow  
If it's all too deep, if the slope's too steep, make it  
shallow  
Never make your life up here better than it is.

All black and yellow,  
Black and yellow to me.  
All black and yellow,  
Black and yellow to me.

If it's all too dark, there's a brighter part, it is yellow  
If you've lost your track let it all turn black, grave's too  
shallow  
Never make your life up here better than it is.

All black and yellow,  
Black and yellow to me.  
All black and yellow,  
Black and yellow to me.

It hurts and it kills,  
The life we're in.  
It hurts, it thrills,  
You lose to him, to him.

All black and yellow,  
Black and yellow to me.  
All black and yellow,  
Black and yellow to me.

If it's all too deep, if this hole's too steep make it  
shallow  
And if you've lost your track let it all turn black, grave's  
too shallow
