VERSE 1:

Oh, don't feel unwanted

My love

I know

(For sure)

I will stand undaunted

Before

Your grace

(My love)

And entirely

(I will be yours)

And eternally

(I will be yours)

CHORUS 1:

Death is

In love with me

(Oh, oh)

In love with

Death is

In love with me

(Oh, oh)

In love with me

(Oh, oh)

VERSE 2:

(My love)

Too soon to be haunted

Before

Not yet

My love

'Cause

Entirely

I will be yours

And eternally

I will be yours

VERSE 3:

Ten thousands of years

You've been taking me away

I always come back

Because there's been so much to do

But this time is different

It's our final kiss

And my final departure
I'll rise from the fire
My wings are not strong yet
But I can fly

I can fly
I can fly
CHORUS 2:
Death is
In love with me
(Oh, oh)
In love with
Death is
In love with me
(Oh, oh oh oh oh)
Death is
(Entirely)
In love with me
In love with me
(And eternally)
Death is
In love with me
In love with
(I will be yours
I will be yours)
Death, is
(I will be yours)
In love with me
(I will be yours)
In love with
(I will be yours)
Death, is
(I will be yours)
In love with me
(I will be yours)
In love with me

I will be yours
I will be yours
I will be yours
