It's too late  
To say those things again  
I lost my faith in you  
I don't care  
Just like you never did  
I lost my faith, it's true

Leave it to the rain  
To wash away the pain  
I've got nothing more to say to you  
Just wait for the rain

You don't need  
Blue skies and sunny weather  
That's no good for you  
You've had your chance  
To get yourself together  
Now it's just you and the rain

It's safe to cry  
The rain is falling  
It hides the tears  
So keep them coming

Leave it to the rain  
To wash away the pain  
I've got nothing more to say to you  
Just wait for the rain

Leave it to the rain  
To wash away the pain  
I've got nothing more to say to you  
Just wait for the rain

So wait for the rain  
Just wait for the rain  
So wait for the rain  
Just wait for the rain
