We're the world's new invention  
Bright new generation  
From your imagination  
We're coming, we're coming  
With the words that must be spoken

Our hearts cannot be broken  
And innocence comes with wisdom  
We're coming, we're coming

[Chorus]  
We're already legends  
Already the winners  
We're already legends  
We're just young, we're just young

With the world's new creation  
Independent nation  
Set to be courageous  
We're coming, we're coming  
With a sound that's so infectious  
No choice but to respect us  
There's no way to neglect us  
We're coming, we're coming

[Chorus]  
We're already legends  
Already the winners  
We're already legends  
We're just young, we're just young

We're the world's new invention  
Bright new generation  
From your imagination  
We're coming, we're coming

[Chorus]  
We're already legends  
Already the winners  
We're already legends  
We're just young, we're just young.
