I was weak and powerless
I taste it oh so well
All your games and emptiness
You choked me, you never cared

Hear me out
I said make me shout
Get down and beg

Now it's your turn to be scared
You'll take it, you'll like it

Hear me out
Hear me out before you're walking out the door
You see it now, but now is not enough
You're not worth fighting for

I enjoyed your helplessness
You're screaming, but no one hears
Be prepared to be possessed
You'll take it, you'll like it

Hear me out
Hear me out before you're walking out the door
You see it now, but now is not enough
You're not worth fighting for

And hear me out
And hear me out before you're walking out the door
You see it now, but now is not enough
You're not worth fighting for

I enjoyed your helplessness
You're screaming, but no one hears
Be prepared to be possessed
You're screaming, but no one hears

Hear me out
Hear me out before you're walking out the door
You see it now, but now is not enough
You're not worth fighting for

And hear me out
And hear me out before you're walking out the door
You see it now, but now is not enough
You're not worth fighting for
