Turn my back to the door  
Feel so much better now  
Don't even try anymore  
Nothing left to lose  
There's a voice that's in the air  
Saying don't look back nowhere  
There's a voice that's always there

And I'll never be quite the same as I was before this  
Part of you still remains, though it's out of focus  
You're just somewhere that I've been  
And I won't go back again  
You're just somewhere that I've been

Breathing in, breathing out  
Ain't that what it's all about?  
Living life crazy loud  
Like a girl's supposed to

No more words in my mouth  
Nothing left to figure out  
I don't think I'll ever undo  
The scar tissue

That's the way I feel tonight  
I can't just press delete  
Expect the world to make it right  
I know that no can do  
Got to let the pain just hurt  
Try to live and let it burn  
Follow, watch the world keep turning

Yeah, and I'll never be like I was, the day I met you  
Too naive, yes I was, that's why I let you in  
Wear your memory like a stain  
Can't erase or numb my pain

Here to stay with me forever

Breathing in, breathing out  
Ain't that what it's all about?  
Living life crazy loud  
Like a girl's supposed to

No more words in my mouth  
Nothing left to figure out  
I don't think I'll ever undo  
The scar tissue

One of these days I'll wake up from this bad dream I'm dreaming  
One of these days I'll pray that I'll be over, over, over you  
One of these days I'll realize, that I'm so tired of feeling confused  
But for now, there's a reason that you're still here in my heart

Breathing in, breathing out  
Ain't that what it's all about?  
Living life crazy loud  
Like a girl's supposed to

No more words in my mouth  
Nothing left to figure out  
I don't think I'll ever undo  
The scar tissue

Breathing in, breathing out  
Ain't that what it's all about?  
Living life crazy loud  
Like a girl's supposed to

No more words in my mouth  
Nothing left for me to doubt  
I don't think I'll ever undo  
The scar tissue.
