Silence is golden  
You will see  
You will see

Your diamond shield is broken  
You are free  
You are free

Burn it down to the ground  
Destroy, create no sound  
No elements all around  
I shall rise again

If no one can hurt you  
Then nobody loves you  
If no one can break you  
Then nobody loves you  
If no one can change you  
And no one can save you  
If nobody loves you  
I do

Honey cuts like razor blades  
Sets you free

Sets you free

There's no constants  
Things have change  
You will see  
You will see

Burn it down to the ground  
Destroy, create no sound  
No elements all around  
I shall rise again

If no one can hurt you  
Then nobody loves you  
If no one can break you  
Then nobody loves you  
If no one can change you

And no one can save you  
If nobody loves you  
I do
