Let my love surround you boy
Let my love surround you

Love me up and down let my love surround you
Love me up and down let my love surround you

You don't appreciate my love
And when you try, you never quite succeed
Deception fits you like a glove
And when you lie, it drowns the fire in me
Baby, move close to me and fulfill my desire
My only intention is taking you higher

Love me up and down let my love surround you
Love me up and down let my love surround you
Love me up and down let my love surround you
Love me up and down let my love surround you

Boy you seduced me from the start
And took control of every part of me
You say we'll never be apart
When we're alone inside my fantasy

Baby, I'm feeling so lonely when you're out of sight
Put your arms around me and take me tonight

Love me up and down let my love surround you
Love me up and down let my love surround you

Love me up and down let my love surround you
Love me up and down let my love surround you

Anything that's from within, you aren't so interested in
Is it love that brought you here,
you feel so close but you're not near
If all ends tomorrow, will I let you go or will I follow?
I hope this ain't a game,
Am I just a girl who's touched your heart in vain

Oh baby
Love me up and down

Let my love surround you

Love me up and down let my love surround you
Love me up and down let my love surround you
Love me up and down let my love surround you
Love me up and down let my love surround you

Let my love surround you baby
I want to be yeah
My love, Let my love surround you baby
I'm gonna make you feel so good to me
So we'll never be apart
Baby, make me feel so good
All I wanna do is sugar
Give it to me, give it to me, give it to me baby
