I will love one man till the day I die  
Promise I will, but he'll have to love me the same  
And I'll never underestimate the power of love  
Cause once you're in love  
There can be joy and also pain

I could be your superwoman  
Baby, I'm only human  
but if you treat me badly, through those doors, I'm  
gone  
I could be your sexual healing  
I could be all your feelings  
but if you treat me badly, through those doors, I'm  
gone

Through those doors, I'm gone  
Cause I ain't takin no shorts, taking no shorts, baby I'm  
gone  
Through those doors, I'm gone  
Cause I ain't takin no shorts, taking no shorts, baby I'm  
gone

When will you give in to me  
Show me this love will be  
In my secret garden we'll lose control  
Don't turn your back on me  
Promise this love will be  
Everything our hearts can unfold

I could be your sugar baby  
Every lick will drive you crazy  
But if you treat me badly  
Through those doors, I'm gone  
I could be your sleeping beauty  
Come and kiss my lips and wake me  
But if you treat me badly  
I'm gone

Through those doors, I'm gone  
Cause I ain't takin no shorts, taking no shorts, baby I'm  
gone

Through those doors, I'm gone  
Cause I ain't takin no shorts, taking no shorts, baby I'm  
gone

Woman, if you see your man with your best friend  
Don't bother show off so she could pretend  
That she has more class than you  
Tell your man which door you're going through  
Woman, if you see your man with your best friend  
Don't bother show off so she could pretend  
That she has more class than you  
Tell your man which door you're going through

I could be your sexual healing  
I could be all your feelings  
but if you treat me badly, through those doors, I'm  
gone  
I could be your sugar baby  
Every lick will drive you crazy  
But if you treat me badly  
Goodbye

Ah, let me tell you  
Cause I ain't takin no shorts, taking no shorts, baby I'm  
gone  
Through those doors, I'm gone  
Cause I ain't takin no shorts, taking no shorts, baby I'm  
gone

Woman, I'm gonna keep walking might through those  
doors  
If you treat me badly, if you treat me badly  
Woman, if you see your man with your best friend  
Don't bother show off so she could pretend  
That she has more class than you
