Don't be afraid!

Robots found water  
La la la la  
Come take me higher  
Take all the things  
That I know for sure  
Come take them to slaughter

Let's take a trip to outer space  
I'm so sick of L.A.  
Everybody's got another face  
Somebody come show me the way

Let the skies open up  
Take my eyes open 'em up  
Don't be afraid, don't be afraid, don't be afraid  
Don't be afraid!

Aliens invading  
Run for your life!  
Grab your wife and babies  
It's going down tonight!

Standing on the strip malls  
Since dark night  
We're aliens invading (aliens invading)  
We're aliens invading  
Run for your life!

Signs have been written (all along us)  
Rocks where we're sitting (alalala)  
So much we cant see  
Heavenly bodies  
Come down and touch me

Let's take a trip to outer space  
Get me hot on the milky way  
I'll give you a taste  
Just a little taste of the human race  
Let the skies open up  
Take my eyes open 'em up

Don't be afraid, don't be afraid, don't be afraid  
Don't be afraid!

Aliens invading  
Run for your life!  
Grab your wife and babies  
It's going down tonight!

Standing on the strip malls  
Since dark night  
We're aliens invading (aliens invading)  
Are aliens invading?  
Run for your life!

I am in love with an alien  
You are in love with an alien  
I am an alien  
You are an alien  
we all are ALIENS!  
Standing on the strip malls (strip malls)  
Since dark night  
I am an alien

Aliens invading  
Run for your life!  
Grab your wife and babies  
It's going down tonight!

Standing on the strip malls  
Since dark night  
We're aliens invading (Aliens invading)  
Are aliens invading? (Aliens invading)  
Are aliens invading?  
Run for your life!
