This may be problematic but I can't be diplomatic
And I am thinking you wont bite at all
Up to now I've held my tongue, but in my heart I know I
can't go on
This cant go on
I've been patient but I'm done waiting for you too come
around

It's not me baby, needs her freedom
I don't have a problem
Your the one who wanted to
Shape things, break things
No mistaking
Your no go to me
And we both know the reason we're through

Baby it's you
Baby it's you

I trust my intuition
I made the right decision
Nothing you can do or say
Will change my mind
Ive heard all your excuses
But baby it no use now its so over now so over
I'm standing up 'cuz
I'm strong enough
To finally take you down

It's not me baby, needs her freedom
I don't have a problem
Your the one who wanted to

Shape things, break things
No mistaking
Your no go to me
And we both know the reason we're through

Baby It's you
Baby It's you

I'm standing up 'cuz

I'm strong enough
To finally take you down

It's not me baby, needs her freedom
I don't have a problem
You're the one who wanted to
Shape things, break things
No mistaking
You're no go to me
And we both know the reason we're through
It's not me baby, needs her freedom
I don't have a problem
You're the one who wanted to
Shape things, break things
No mistaking
You're no go to me
And we both know the reason we're through

Baby It's you
Baby It's you
It's not me It's you
Baby It's you
