I know it's late baby
I've been dialing your number all day, got me missin'
you like crazy
You actin like you hate me
Yes I know, I was wrong, I just want you back, just say
you'll take me
It just can't be over
You took away your phone calls and visits, I thought
that we were closer
You're givin me the cold shoulder
When I want your warm hugs and kisses
That's what i need the most

Its like Bonnie with no Clyde without you by my side
Its like a part of me died away
Since you been gone
If I spend some time without you thought I'd be okay
I can't replace you, I tried, it didn't work out that way
So tell me where will you go, and tell me who's gonna
love you like I do
Since you been gone
Gone, gone, gone, gone, gone, gone
Since you been gone

I can't respect your feelings
So tell me when you thought about it, did you think of
me at all
You don't seem to be affected
I'm tryin to correct it
You shoot me down, how could you watch me fall
I make mistakes that don't mean that I don't love you
I'll learn to love you more, whatever, just let me know
I feel so empty cause you've taken your love out my life
I'll keep you happy darling don't let me go

Its like Bonnie with no Clyde without you by my side
Its like a part of me died away
Since you been gone
If I spend some time without you thought I'd be okay
I can't replace you, I tried, it didn't work out that way
So tell me where will you go, and tell me who's gonna

love you like I do
Since you been gone
Gone, gone, gone, gone, gone, gone
Since you been gone

This time I'll say I love you every time we speak, make
you my priority, be your strength when you are weak
This time whenever you call me I'll be there, no matter
what I'm doin I will come no matter where
This time I'll give you all the lovin that I got, say the
right things, I don't wanna lose what I got
And I don't wanna hurt no more, let your gaurd down
baby open up the door and let me in

Its like Bonnie with no Clyde without you by my side
Its like a part of me died away
Since you been gone
If I spend some time without you thought I'd be okay
I can't replace you, I tried, it didn't work out that way
So tell me where will you go, and tell me who's gonna
love you like I do
Since you been gone
Gone, gone, gone, gone, gone, gone
Since you been gone

Its like Bonnie with no Clyde without you by my side
Its like a part of me died away
Since you been gone
If I spend some time without you thought I'd be okay
I can't replace you, I tried, it didn't work out that way
So tell me where will you go, and tell me who's gonna
love you like I do
Since you been gone
Gone, gone, gone, gone, gone, gone
Since you been gone
Oh since you been gone,gone,gone,gone
Since you been gone
