My, my
My butterscotch, butterscotch
My butterscotch, butterscotch

Pop rocks, lemon drops, rollin' in my Tee-tops
Sugar rush, touch the stars
Dry eyes, delight, dancin' by the light, bright
Watch us how we break some hearts

So grab your gamma rays
Come to my masquerade
It's like a man parade
And now, 1 2 3, oh

Boys all want my butterscotch
Lickin' their lips 'cause it's top notch
No other bitch got what I got
My butterscotch, butterscotch
Boys from Memphis to Bangkok
Try to get keys to my candy shop
Linin' up 'round the block
My butterscotch, butterscotch

Chase it, watch me how I make it
Don't you wanna taste it, taste it
My butterscotch, butterscotch
Wasted, watch me how I shake it
Don't you wanna taste it, taste it
My butterscotch, butterscotch
My butterscotch, butterscotch

Tasers, lasers, alien invaders
Tell me that I'm out of this world
Casbah, so hot, burnin' down the booshwa
No money can shut up this girl

So grab your gamma rays
Get with the masquerade
Bring on the man parade
And now, 1 2 3, oh

Boys all want my butterscotch
Lickin' their lips 'cause it's top notch
No other bitch got what I got
My butterscotch, butterscotch
Boys from Memphis to Bangkok
Try to get keys to my candy shop
Linin' up 'round the block
My butterscotch, butterscotch

Chase it, watch me how I make it
Don't you wanna taste it, taste it
My butterscotch, butterscotch
Wasted, watch me how I shake it
Don't you wanna taste it, taste it
My butterscotch, butterscotch

Boy, you're game is pre-historic
Scripted like you're Katie Couric
Girl McCormick, you're a tourist
Got me bored, so heres a chorus

Chase it, chase it
Taste it, taste it, taste it

Oh, boys all want my butterscotch
Lickin' their lips 'cause it's top notch
It's top notch, it's top notch
Their lickin' their lips 'cause it's top notch

Boys all want my butterscotch
Lickin' their lips 'cause it's top notch
No other bitch got what I got
My butterscotch, butterscotch
Boys from Memphis to Bangkok
Try to get keys to my candy shop
Linin' up 'round the block
My butterscotch, butterscotch

Chase it, watch me how I make it
Don't you wanna taste it, taste it
My butterscotch, butterscotch
Wasted, watch me how I shake it
Don't you wanna taste it, taste it
My butterscotch, butterscotch
My butterscotch, butterscotch
My butterscotch, butterscotch
