Chain reaction-action

I feel like Iâ€™m hallucinating  
Yeah youâ€™re tripping me out  
I canâ€™t control, itâ€™s you Iâ€™m craving  
I can just tell youâ€™re down

Come get me, letâ€™s get rowdy  
Boy you look so damn good on me

Back to the wall  
On my silhouette  
When you walked right by  
Felt your breath on my neck  
And it felt so deep  
In a trance of a sleep  
Have I seen you before?  
Once in a dream

Like a flashback, sneak attack, chain reaction  
At the first sight you just might be the right one  
You got something and again like a rerun  
Try but canâ€™t explain this chain reaction

You hit me like a shot of whiskey  
You got me walking sideways  
Tunnel vision feeling frisky  
Want to get you stuck on replay

I donâ€™t fall like this  
I must confess you cast a spell up on me

Shadows of us in the room of sweat  
You took my hand to the back and left  
And it felt so deep

In a trance of a sleep  
Have I seen you before?  
Once in a dream

Like a flashback, sneak attack, chain reaction  
At the first sight you just might be the right one  
You got something and again like a rerun  
Try but can't explain this chain reaction

Ohhh ohoh, chain reaction  
Spin me around, all around  
Oh feels like a lifetime  
(I've been waiting)  
One time I look goes down  
Then they all hit the ground  
(And not deliberating)  
It all happens for a reason right?  
Guess there's no need to fight it right?  
Cause one thing leads to another,  
Leads to another, leads to another

Like a flashback, sneak attack, chain reaction  
At the first sight you just might be the right one  
You got something and again like a rerun  
Try but can't explain this chain reaction

Chain reaction, this chain reaction  
Chain reaction, this chain reaction  
Chain reaction, this chain reaction  
Chain reaction, this chain reaction
