Put on my best face to impress you
Concerned with things youÃ¢??ve never even see
What I wouldnÃ¢??t give to possess you
YouÃ¢??re just the perfect accessory
Practising the right things to say
Every word intended to intrigue
IÃ¢??d do anything it would take
If I new youÃ¢??d fall in love with me

(Chorus)

Impeccable picture perfect
Unmanicured and shampooed
But then you walk in the room
Feels like IÃ¢??m coming unglued
I think IÃ¢??m coming unglued

ItÃ¢??s not like me to just fall apart
Give a shit what other people think
But youÃ¢??re a god a true work of art
Watch me disintegrate piece by piece

On the outside youÃ¢??d never know
That IÃ¢??m simply crumbling inside
But my cover will be soon blown
If you ever look me in the eye

Chorus

Freaking out I can barely take a breath
Anticipation making me a nervous wreck
Rooms spinning room round and melting down
But you would never guess

Chorus

Yeah yeah yeah yeah
I think I might be coming unglued
