OH OH OH OH,OH OH OH  
OH OH OH OH,OH OH OH  
OH OH OH OH,OH OH OH  
OHH

{VESRE 1}

Boy,it's kinda plain to see  
You got a crush on me  
Hate to be bringins you down(down,down,down)  
But I'm more than a flossy girl,more like a string of  
pearls  
So boy,you better calm down(down,down,down)

[CHORUS]

Cuz I got ten on my left tryin to get me at the disco  
20 in my right tryin to take me to a rock show  
30 in the back tryin harder and the list goes on and  
on,goes on and on

Cuz you been blowin me up on the celly-phone  
Tryin to get a little love,tryin to get me alone  
But if you wanna get a peice of this heart of mine  
Boy,stop  
Get in line

There's a lot of pretty boys wrapped around the block  
Don't be wastin my time with your crazy talk  
If you wanna get a peice of this heart of mine  
Boy,stop  
Get in line,get in line

{VERSE 2}

Girls,you know the way boys are  
Like outta tune guitars,whenever we shut 'em  
down(down,down,down)  
They cry each and every time  
Because their same old lies  
Won't keeps us comin around(round,round,round)

[CHORUS]

Cuz I got 10 on my left tryin to get me at the disco

20 in my right tryin to take me to a rock show  
30 in the back tryin harder and the list goes on and  
on, goes on and on

Cuz you been blowin me up on the celly-phone  
Tryin to get a little love, tryin to get me alone  
But if you wanna get a peice of this heart of mine  
Boy, stop  
Get in line

There's a lot of pretty boys wrapped around the block  
Don't be wastin my time with your crazy talk  
If you wanna get a peice of this heart of mine  
Boy, stop  
Get in line, get in line

[Ke\$ha]  
So all the fellas lin'in up, let's see what you got  
Me and my ladies will decide, do you got what we want?  
Boy, you better be ready if you get to the front  
Your gettin only one chance to win my love

[CHORUS]  
Cuz you been blowin me up  
Tryin to get a little love  
If you wanna get a peice of this heart of mine  
Boy, stop  
Get in line

There's a lot of pretty boys wrapped around the block  
Don't be wastin my time with your crazy talk  
If you wanna get a peice of this heart of mine  
Boy, stop  
Get in line, get in line, get in line, get in line, get in line
