Pump me up
Pump me up
Pump me up

Pump me up
Pump me up
Pump me up

Get loose
Everybody on the floor
Get loose
Leave your drama at the door
Get loose
Like you never done before
Get loose
Hear the music in your soul
And Get loose

My soul is mystical
So men are physical?
When rhythm takes control
I am invincible
I am the melody
The child of destiny?
I am your favorite jam
So let me set you free

Pump me up
Pump me up
Pump me up

Mister DJ

Pump me up
Pump me up
Pump me up
And let the music play

Pump me up
Pump me up
Pump me up
Mister DJ

Pump me up
Pump me up
Pump me up
I wanna hear you say

Get Loose
Everybody on the floor
Get loose
Leave your drama at the door
Get loose
Like you never done before
Get loose
Hear the music in your soul
And Get loose

Pump me up
Pump me up
Pump me up

Pump me up
Pump me up
Pump me up
