ooooh, my hearts on fire.
ohh, mmmh on fire.
burn burn.

i saw you foxy boy walkin thru the joint
you had somethin dangerous about you boy,
you trie dto ignite.
got my tongue tied, starstruck. bitin my nails
and right then and there,
i got to get you all to myself

now i know i know i know i know
i should know better.
i should know better.
but you know you know you know you know
i can't say no ever.
can't say no ever.

oooh, my hearts on fire.
oh my hearts on fire.
my hearts on fiiire.
oh, my hearts oon fire.
now the devils in my head when you're in my bed.
now i'm on fire.
and it feels good, oh.

look at all the damage that you've already done
got me singing the blues, actin foolish when you were
gone
psychotic, neurotic, boy i'm crazy as hell
how'd you do it? it's like i'm drugged, tired of under
your spell

now i know i know i know i know
i should know better.
i should know better.

but you know you know you know you know
i can't say no ever.
can't say no ever.

oooh, my hearts on fire.

oh my hearts on fire.
my hearts on fiiire.
oh, my hearts oon fire.
now the devils in my head when you're in my bed.
now i'm on fire.
and it feels good, oh.

i want you to take me, you break me down
let's get away from the lights of this lazy town
cuz i'm sick of all the talk that forgets a soul
don't wanna roll down this road on cruise control

now keep playing that shitty little blues guitar
play it for me boy, play it for me all night long
cuz i could just lay and listen til the day i die
cuz i live for the way you set my heart on fire.

keep playing that shitty little blues guitar
boy, play it for me all night long.

now the devils in my head when you're in my bed.
my hearts on fire.

hearts on fire.
ooooh, my hearts on fire.
my hearts oon fire..
ooooh, my hearts on fire.
