And now the sun is rising
Another long walk back home (back home)
There's just so many faces
But no one I need to know (need to know)
In the dark, I can't fight it
I fake it 'til I'm numb
But in the bright light
I taste you on my tongue

Now the party's over
And everybody's gone;
I'm left here with myself and I
Wonder what went wrong
And now my heart is broken
Like the bottles on the floor
Does it really matter,
Or am I just hung over you?
Oh-oh-oh, oh-oh-oh-oh
Or am I just hungover?

Even my dirty laundry;
Everything just smells like you (like you)
And now my head is throbbing
Every song is out of tune (just like you)
In the dark, I can't fight it
'Till it disappears
But in the daylight
I taste you in my tears

Now the party's over
And everybody's gone
I'm left here with myself and I
Wonder what went wrong
And now my heart is broken
Like the bottles on the floor

Does it really matter?
Or am I just hung over you?

Now I've got myself looking like a mess
Standing alone, here at the end
Tryin' to pretend

But no, I put up my fight
But this is it this time
'Cause I'm here at the end, tryin' to pretend
Here at the end, tryin' to pretend
Oh, oh-oh

And now the party's over
And everybody's gone
I'm left here with myself and I
Wonder what went wrong
And now my heart is broken
Like the bottles on the floor
Does it really matter?
Or am I just hungover you?

Now the party's over
And everybody's gone
I'm left here with myself and I
Wonder what went wrong
And now my heart is broken
Like the bottles on the floor
Does it really matter?
Or am I just hung over you?
Oh-oh-oh, oh-oh-oh-oh
Or am I just hungover?
