I will get in,
You always try to lock me out
This time that's it
And no i'm not screwing around
You've been so bad
And now I've finally had enough
You've made me mad,
Oh, you're so oblivious
I'll have the last laugh
When the knife's deep in your back
I'll get away with this,
With no trace of evidence
I'll seal it with a kiss
Oh, you'll see
I'll get away with this
They won't find a fingerprint
I'll make you one last promise,
I will get away with this
I sat and watched
Your dirty secret's finally out
It's 3 o'clock
You should have pulled the curtains down
You sealed your fate
When you ruined all my plans
You'll have to pay the proper consequences
Though we've never met
You're all mine inside my head
I'll get away with this,
With no trace of evidence
I'll seal it with a kiss
Oh, you'll see
I'll get away with this
They won't find a fingerprint
I'll make you one last promise,
I will get away
Black is a perfect shade for my dress
Tonight is a perfect night for our first kiss
Blood is a perfect shade for my lips
If I can't have you then no one can
Yeah!
I got away with this,
With no trace of evidence

I stole your dying kiss
How romantic
I got away with it,
I didn't leave a fingerprint
I fulfilled my last promise
I got away with it!
