Can I tell you a secret?
Oh oh
You promise that you'll keep it?
Oh oh
Cross your heart, not a soul
There's so much that you don't know
(You don't even know)

I'm about to break
I'm about to shake
Of an interaction
Do you want to face
Do you want to taste
My secret weapon?
My aim is steady
I'm locked and ready
To blow your mind
Make you feel divine
With my affection
My secret weapon

Just when you least expected
Oh oh
I whipped out my wicked weapon
Oh oh
You'd never know I had it well
Just like heaven, just like hell
(You want it I can tell)

I'm about to break
I'm about to shake
Of an interaction
Do you want to face
Do you want to taste
My secret weapon?

My aim is steady
I'm locked and ready
To blow your mind
Make you feel divine
With my affection
My secret weapon

Lay your arms and you can't fight it
Surrender to me
Cause I have no mercy

I'm about to break
I'm about to shake
Of an interaction
Do you want to face
Do you want to taste
My secret weapon?
(My secret weapon)
My aim is steady
I'm locked and ready
To blow your mind
Make you feel divine
With my affection
My secret weapon

My secret weapon
Are you ready?

So if you're ready
I'll rock you steady
Gonna blow your mind
Make you feel divine
With my affection
My secret weapon

My secret weapon
