im walking down every alley im making im making  
those desperate call im staying up all night hopin hit my  
head against the wall what you got boy is hard to find i  
think about it all the time im all strung up my heart is  
fried i just can tget you off my mind because your love  
your love your love is my drug your love your love your  
love i said your love your love your love is my drug your  
love your love won't listen to any advice moma's tellin  
me i should think twice but left to my own devices im  
addicted its a crisis my friends think i've gone crazy  
my judgement gettin kind of hazy my status is going to  
be affected if i keep it up like a love sick crack head  
what you got boy is hard to find i think about it all the  
time im all strung out my heart is fried i just can tget  
you off my mind because your love your love your love  
is my drug your love your love your love i said your love  
your love your love is my drug your love your love your  
love i dont care what people say the rush is worth the  
price i pay i get so high when your with me but crash  
and crave when your away hey so i got a question do  
you want to have a slumber party in my basement do i  
make your heart drum like an 808 drum is my love your  
drug your drug your drug because your love your love  
is my drug your love your love heyy heyy sooo (giggle)  
your love your love your love your love is my drug i like
