Always call me up-Yo gurl how ya been?
Now I can't breathe, your smothering me - with lovey

Please please please won't you tell me, what happened
to that cat you used to be?
Rollin wit the hood, and up to no good
da te da te da- and misunderstood

[Bridge:] Back-back-back up, reverse-reverse
Cause I - I liked you the way you were (oh yeah)
Back-back-back up, reverse-reverse
Cause I'm just tryin' to find out

[Chorus:] What happened to the boy he used to be?
I wish he would come back- come back to me (oh yeah)
What happened to the boy I used to know?
Cause he don't come back round here no more.
What happened to the boy he used to be?
Can somebody tell me tell me please (tell me please)
