VERSE 1

You had me almost convinced that
something really special was about to happen
in our lives ya ya you said that
but now it seems like you don't really mean what you
were saying
you thought that you could play me
thought you could have me hooked on you so easily
thought wrong ya you shoulda known that

this aint no chick
this aint no chick
that you should be messing with

PRE CHORUS

You keep telling me that I'm the only one
You keep telling me that I'm the only one
You said that I'm the one
But I know that you mess around with just about
everyone

CHORUS

No i gotchu now
No i gotchu now
No i gotchu now where I want you
It's all over now
All over now
Boy Imma Edit, Cut and Delete U
(REPEAT AGAIN)
