**(feat. Freeway)**

We was just walking, just smiling and talking  
Then add to my surprise, got lost in your eyes  
This time they were different, and I found what it  
meant  
After I leaned in, I helplessly fell in

Help me I've fallen in love, and now I can't get up  
Somewhere between your lips, is where I think my heart  
slipped  
I tried to catch myself, not even I could have helped  
myself from  
falling  
I think that I'm in love

In love and I can't see, what's happening to me  
You blinded my thoughts, from what pain and tears  
taught  
See my hearts been broken before, it don't trust love  
anymore  
One kiss from you, I just let myself fall right through  
Got me hypnotized with your magaic spell, I got  
butterflies can't  
control myself  
Close my eyes at night and I dream of you, it's true,  
don't know  
what to do  
Don't stop now  
Since I let you in  
You showed me how  
You showed me how to love again,  
I've fallen please help me

Got me hypnotized with your magic spell, I think that  
I'm in love  
Close my eyes at night and I dream of you, I think that  
I'm in love  
It's true, don't know what to do, don't stop now, I can't  
get up  
Its's true, don't know what to do, don't stop now, I think  
that I'm in

love,in love
