Iâ€™m never gonna change my mind
Iâ€™m loving you, Iâ€™m never gonna make you cry
Donâ€™t you know that Iâ€™ll be by your side now and
forever more
To fill your heart with joy and delight.

Donâ€™t you know I loved you from the star?
From the moment that we met
Long before I saw that smile of yours
Iâ€™m telling you from the bottom of my heart
Youâ€™re the only one that Iâ€™ve been searching for
Was a time when I had lost my way
Couldnâ€™t find the lights surrounding me
I was almost frozen in the dark
You came along and gave me life again
Youâ€™ve already opened up my broken heart

Chorus:

Iâ€™m never gonna change my mind
Iâ€™m loving you, Iâ€™m never gonna make you cry
Donâ€™t you know that Iâ€™ll be by your side now and
forever more
To fill your heart with joy and delight.

Sometimes Iâ€™ve made you feel all alone
When Iâ€™m too caught up in myself
Maybe I put you down in sorrow
But still you keep knocking at my door
And I know that you make me feel so strong.
Itâ€™s time for me to make you understand
I want to be with you,
Iâ€™ll be everything you want me to
So baby wonâ€™t you give me another chance
So I can show you everything I can do

[2 x Chorus:]

Someone told me, I agree that we were born in this
world
To find, one single, one single true
Love and itâ€™s you,

Oh no, ohh
SO stay right beside me
You know it's the way that we should be
I don't wanna think about what
It would be if we were to fall apart.

[2 x Chorus:]

I've been searching,
I've been searching for you
Eh eh, I've been searching
Searching for you, your love, your touch
