Verse 1:

We don't listen when you yell and your telling us
call us young and then rebeling us
belly ring's and how we wear our cloths
cannot will not live our lives the way you did yours

you get one life and we won't be bored
so we flip do tricks off a skateboard
we know your scared for us
because you care for us
just be there for us
and let us breath...

Bridge:

hey teachers, not another one of your long speeches
have us no hope and you can't reach us
why cant we be us just jump up rip up the bleachers
and..

Chorus:

STOMP!
so nice to hear the system bump
i need to feel that pop the trunk
all my ladies you with me?
fellas if you feel me feel me?
i want you to get up
i want to see you jump and STOMP!

so now you feel the system thump
i wanna feel that bump bump bump
all my ladies you with me?

fellas if you feel me feel me?
i wanna see us, i wanna see us stomp

Verse 2:

when i listen when you scream it up
we all correct so judgment us out
like you never been young before
we cannot will not live our lives like you did yours
we get one life so we wont be scared
so throw your hands up in the air

instead of crowding us and doubting us
you wanna be proud of us and let us breath

Bridge:

Chorus:

Bridge 2:

we had enough we had it up (to here)
and all we wanna do is have some fun
then please don't suffercate us
let us breath breath breath (x2)
