Yeah

Kev Blaze and Krayzie Bone

Watch how I do this

Watch how I do this

Purple shoes

Purple clothes

Keep the purple lit

If I catch a nigga hatin' than it's purple lips

Never had it real good, coming from the slums

Now my pockets lookin like a bad case of mumps

If it sparkles, if it glares, then I gotta have it

Now shopping everyday has become a habit

Prada for the eyes, caution when I drive by

Rep my hood, throw it high, grandma see me from the sky

I can show you how to do this son

See I be countin hundreds, you be countin some ones

And if you can't see me better put on some glasses

And watch what I do when I stunt on they asses

Icicles on my wrist, diamonds all in my chain

Best believe the roof off, watch a nigga do his thing

Let me show you something, watch how I do this

Watch how I do this

Watch how I do this

Benz coupe, chromed out, diamonds all in my mouth

I'm about to show out, why they let this nigga out

Let me show you something, watch how I do this

Watch how I do this

It's like a game to me, money ain't a thing to me

Damn I'm lookin so fly, feel like I got wings on me

Two doors on the coupe, but I only need one

No broad in my other seat cause I'm ridin shotgun

Blow dro up in the sky while my whip drive slow

Haters lookin sick cause they go no dough

Look 'em in the eye make the car go zoom

And make the wheels screech, then I'm off to the room

Dime on my left, dime on my right

Drink a little pimp juice I'm in it tonight

Call me the dentist cause I gave em the drill

Didn't kiss them in the mouth, unuh not the kid - nope

Icicles on my wrist, diamonds all in my chain

Best believe the roof off, watch a nigga do his thing

Let me show you something, watch how I do this
Watch how I do this
Watch how I do this
Benz coupe, chromed out, diamonds all in my mouth
I'm about to show out, why they let this nigga out
Let me show you something, watch how I do this
Watch how I do this
Watch how I do this
Now here come the granddaddy in that all black caddy
Rollin with the lights out dipping through the alley
Every time I pull up on the scene I got a fatty
Ready to blow and that dro is fantastic
See the flagging down my car like mister baller man
The bone bone bone in the trunk will make them call the
man
I gots to creep so these police don't see the eight ball
in hand
But I'm bossin, taking caution, flossing hard as I can
I'm the man me
I'm the smooth operator
Too cool for haters, you loose sooner or later
Never let no suckers ride, messin up my vibe
Step to the side, your blocking my shine
Icicles on my wrist, diamonds all in my chain
Best believe the roof off, watch a nigga do his thing
Let me show you something, watch how I do this
Watch how I do this
Watch how I do this
Benz coupe, chromed out, diamonds all in my mouth
I'm about to show out, why they let this nigga out
Let me show you something, watch how I do this
Watch how I do this
Watch how I do this
