Kevin Ayers- Don't let it get you down

So many problems, yet none at all
So many windows through every wall
So many feelings you won't express
So many failures you call success

Don't let it get you down

You cry over loosing, what you never really had
Just remember the good times alongside the bad
Remember that real love never disappears
It is lost in a moment, it lasts for years

Don't let it get you down

Don't let it fool you in any way
You know your tomorrow depends on today
If you're carrying nothing it won't weigh you down
You are the king and queen, you are the crown

Don't let it get you down
