Who's the one with the grin on his face  
Says he's gonna save the human race  
He laughs a lot as he climbs to fame  
What's his name

Guru banana

That's me and I'll show you the light  
I've got the answers and they're all right  
I'm divine and you can be the same  
What's my name

Guru banana  
Guru banana  
Guru banana  
Oh you rude banana  
What's my name  
Guru banana

Now gather round and hear my song  
If you think your life is going wrong  
Come to me and I'll take the blame  
Just call my name

Guru banana  
Grab your partners swing around  
Dance along to my different sound  
You think it's new but it's just the same  
Now sock it to me once again guru banana. guru  
banana  
Take us to nirvana you know you can you're our man  
Whose the one with the grin on his face  
Says he's gonna save the human race  
You're gonna take us to nirvana  
We hope you can  
You're our man  
Guru banana, guru banana  
Take us to nirvana  
You know you can  
Grab your partners swing them round  
Dance along to my different sound  
I'm a guru
