I'm a mean lean lovin' machine with a couple'a rusty  
cogs,  
Me dipstick's dribblin' ol' sump oil and me rear end's  
up on blocks,  
I got a crank start every mornin', oh, but I still do the  
job,  
'Cause I'm a mean lean lovin' machine with a couple'a  
rusty cogs.

I used to be a hotrod once, a hundred miles an hour,  
But speed and Crome ain't where it's at, I got it worked  
out now,  
'Cause women like us old vintage jobs we're  
comfortable and strong,  
And the thing that they look forward to is the right  
takes twice as  
Long.

'Cause I'm a mean lean lovin' machine with a couple'a  
rusty cogs,  
Me dipstick's dribblin' ol' sump oil and me rear end's  
up on blocks,  
I got a crank start every mornin', ah but I still do the  
job,  
'Cause I'm a mean lean lovin' machine with a couple'a  
rusty cogs.

No need to read my speedos, to see I've done some  
miles,  
Been bashed and bent on bumpy roads but I still give  
good rides,  
All I need is a little old lady, and lots of TLC,  
Get underneath and get a little dirty, and do a little  
work on me.

'Cause I'm a mean lean lovin' machine with a couple'a  
rusty cogs,  
Me dipstick's dribblin' ol' sump oil and me rear end's  
up on blocks,  
I got a crank start every mornin', but I still do the job,  
'Cause I'm a mean lean lovin' machine with a couple'a

rusty cogs.
