crown to the floor, my face to the ground,  
love to the core, and i cant make no sound  
time just fades and I'm lost in your stare.  
I'm so amazed. why would i go anywhere, go anywhere.  
better is one day with you  
than a million more, a million miles away.  
better is one day with you.  
than a million more, a million miles away.  
better is one day with you,  
than a million more, a million miles away.  
i wanna be with you, gotta be with  
i wanna be with you, ouoh, oh oh  
i wanna be with you, gotta be with  
i wanna be with you, ouoh, oh oh oh oh  
ouoh, oh oh oh oh  
ouoh, oh oh oh oh  
ouoh, oh oh  
I'm at rest and my strength is in you,  
my heart is set. to journey the trail and love on the  
truth.  
you know i believe , so let your kingdom come.  
see the shape in my knees, I'm making space for the  
one, Æ€Á!..my beautiful one.  
better is one day with you  
than a million more, a million miles away.  
better is one day with you.  
than a million more, a million miles away.  
better is one day with you,  
than a million more, a million miles away.  
i wanna be with you, gotta be with  
i wanna be with you, ouoh, oh oh  
i wanna be with you, gotta be with  
i wanna be with you, ouoh, oh oh oh oh  
ouoh, oh oh oh oh  
ouoh, oh oh oh oh  
ouoh, oh oh  
who could fault you, for sending us away,  
we all have broken hearts, and we all make mistakes  
but you showed your right hand, said come with me  
this way  
and i have prepared for you a very special place  
i wanna be with you, gotta be with you, wanna be with

you oh, oh.  
i wanna be with you, gotta be with you, wanna be with  
you oh, oh.  
i wanna be with you. gotta be with you. wanna be with  
you oh, oh.  
better is one day, one day, one day. than a million  
more, a million miles away.  
than a million more, a million miles, a thousand miles,  
a hundred miles, just two miles,  
one mile, one week, one day, Its just too far away. its  
just too far away  
repeat chorus.
